

SK ABDUL AZEEZ

B.Tech Computer Science & Engineering Student

PROGRAMMING • PYTHON • DSA IN C • WEB DEVELOPMENT

skabdulazeez600@gmail.com

PROFILE

Motivated CSE student building a strong foundation in programming, Data Structures & Algorithms, Python and web development.

◆ CAREER OBJECTIVE

To grow as a software professional by applying programming and problem-solving skills to practical projects, while continuously learning modern technologies and improving core computer science knowledge.

◆ EDUCATION

B.Tech	Sai University	Computer Science and Engineering — Currently Pursuing
Intermediate	—	863 marks (both years)
10th Standard	—	473 marks

◆ TECHNICAL SKILLS

C Programming	Python	DSA in C
HTML	CSS	Web Development
Problem Solving	GitHub	VS Code

◆ PROJECTS

01

Student Attendance Management System

A student project focused on organizing student details and attendance records while reducing manual record keeping.

Technologies: C Programming • Data Structures & Algorithms

02

Personal Portfolio Website

A personal website created to showcase education, technical skills, projects and professional information.

Technologies: HTML • CSS • GitHub Pages

03

Python Learning Projects

Programming exercises and small practice programs developed while learning Python and strengthening problem-solving skills.

Technologies: Python

◆ CURRENT LEARNING

C + DSA	Practicing algorithms and data structures in C.
Python	Building programming fundamentals and solving practice problems.
Web Development	Creating responsive pages using HTML and CSS.
Problem Solving	Improving logical thinking through programming exercises.

◆ PROFESSIONAL STRENGTHS

- ✓ Strong interest in programming and computer science fundamentals.
- ✓ Consistent practice in Data Structures & Algorithms using C.
- ✓ Learning Python for programming and problem solving.
- ✓ Hands-on experience creating web pages using HTML and CSS.
- ✓ Interested in software development and practical project building.
- ✓ Willingness to learn, improve and take on new technical challenges.

◆ CAREER INTERESTS

Software Development	Web Development	Programming
DSA	Problem Solving	Continuous Learning

◆ PORTFOLIO

Personal Portfolio Website

A website showcasing my academic background, technical skills, projects and resume.

Declaration: I confirm that the information provided above is accurate to the best of my knowledge.
